MR. TAFT REVIEWS ATLANTIC FLEET

Spends Entire Day Aboard His Yacht Mayflower.

YESTERDAY IN WEST VIRGINIA

Attends Inaugural Exercises of President Hodges of State University—Pittsburg Denies Leading President Into Trap.

New York, Nov. 2.—President Taft arrived in Jersey City at 7 a. m.

He remained on his train, however, until 9 o'clock, when he boarded his yacht Mayflower for the review of the Atlantic fleet in the Hudson river. He spent the entire day aboard his yacht, and is to start at 5 p. m. for Hot Springs, Va., via Washington.

Mr. Taft spent the entire morning yesterday at Morgantown, W. Va., attending the inaugural exercises of President Hodges of the University of West Virginia. In the afternoon short speeches were made at Fairmont and Grafton, W. Va.

He arrived at Washington at 10 p. m., having traveled nearly 15,000 miles since he left the capital city at the close of congress on Aug. 22, and visited twenty-six states.

But the president has stood the strain of his journey well and, though a few pounds heavier, seemed as healthy and vigorous as when he packed up his golf clubs to give up his daily golfing on the Chevy Chase links.

Pittsburg millionaires bitterly denied that President Taft was baited by them into Congressman Martin W. Littleton's trap at the chamber of commerce banquet. The startling passage at arms between the president and the Ntw York congressman is held to be the stand pat crisis of the government in the war against the United States Steel corporation, but the unpleasant aftermath wherein the charge is made that Pittsburg's industrial lights willfully tried to lead President Taft to the oral slaughter has caused terrible unpleasantness.

Mr. Taft is the hero of the hour in Pittsburg, for it is regarded that he more than answered Congressman Littleton following the latter's bitter attack against the Sherman law.

CHILD IS FOUND DEAD

Body of Kidnapped Boy Discovered in Woods Near Home.

York, Pa., Nov. 2. — The body of Charles Ely, the two and one-half-year-old child of Mr. and Mrs. Hiram Ely of Wild Cat, was found in a clump of woods about one mile from the home. About fifteen days have elapsed since the little one was taken from its home.

Harry Mundis, William Hirt and Robert Arnold were searching the hills for rabbits and came upon the body of the child. That the child was carried away goes without saying. It is believed the kidnappers, whoever they were, took the child and kept it in seclusion for a time. They became afraid lest they might be caught and then carried the child back to the woods. It could not find its way to its home and no doubt died of deprivation.

KOEHLER A "GAY DOG"

Divorce Case Decided Against West Point Fencing Master.

Oshkosh, Wis., Nov. 2. — Maids of high and low degree have proved the undoing of Captain Herman Koehler, master of fencing at the United States military academy at West Point, according to the decision in the divorce case brought by him against his wife, a former school teacher.

He asked the decree, but his wife's evidence of his conduct for several years past was such as to result in her getting the divorce with alimony of $80 a month, an assignment of life insurance and other allowances.

WISCONSIN HAS 2,333,860

Population of State Grows 12 Per Cent in Last Ten Years.

Washington, Nov. 2.—The director of the census has issued a bulletin giving the population of Wisconsin as enumerated at the thirteenth census. He shows the population of the state is 2,333,860.

Compared with a population of 2,069,042 in 1900, this represents an increase of 264,818 during the decade, or 12.8 per cent. During the same period the total population of continental United States increased 21 per cent.

Laborites Gain in England.

London, Nov. 2.—The municipal elections in England, so far as the returns are available, are noteworthy for the large gains of the Laborites and Socialists, especially in the big provincial cities, such as Bradford, Liverpool, Leeds, South Shields and Manchester.

"DRYS" TO MAKE LONG FIGHT

Michigan Campaign to Start Three Months Earlier Than Usual.

Detroit, Mich., Nov. 2.—The Michigan Anti-Saloon league has suddenly decided to make the coming local option campaign a long one. The annual meeting of the league, which always has been held in February, began yesterday. State Superintendent George W. Morrow will be unanimously elected. The anti-saloonists are now on the defensive in fourteen counties, while in only eight are they on the offensive. Pliny W. Marsh will be reappointed attorney for the league.

FORMER YPSI MAN INJURED

GEORGE DYTEMASTER THROWN FROM INTERURBAN CAR—MAY NOT RECOVER.

George Dytemaster, 30, a motorman on a D. U. R. interurban car, who moved from this city to Farmington, a few weeks ago was probably fatally injured Tuesday when he was knocked from his own car, between Waterford and Plymouth. The car was traveling at the rate of 30 miles per hour when the motorman stepped to the platform to look at the rear of the car, believing something to be wrong. It is thought that he was struck by a pole which crushed his head. He has a wife and one child.

A GOOD OPENING LECTURE

PROF. HOYT ADDRESSES S. S. TEACHERS ON SCIENTIFIC BIBLE STUDY.

The course of six lectures by Professor C. O. Hoyt on Scientific Bible Study, for the Sunday school teachers of the city opened Wednesday evening with a lecture on "The thinking process," which was designed to be preliminary in character to the remainder of the lectures. About one hundred and twenty-five persons were in attendance.

Professor Hoyt went somewhat deeply into the history of education and described quite fully the psychological process of the mind of the child. With a plentitude of illustrations he showed how easy it is for children to misunderstand sentences and words which have not as yet entered into their thinking apparatus. He urged, therefore, a clear presentation of subject matter to the child n Sunday school.

CONGREGATIONAL MEN DOUBT MERIT OF NEW MOVEMENT

The regular monthly meeting of the Men's club of the Congregational church was held Wednesday evening at the church. Supper was served at six o'clock, and then the men entered into an interested consideration of the Men and Religion Forward Movement, for the most part as it had been revealed at the big banquet at the Wayne Gardens in Detroit a week or so ago. The Congregational church had been represented by President L. H. Jones, Dr. N. A. Harvey, Prof. H. Z. Wilbur and Dr. B. L. D'Ooge, and these men related what they had heard upon that occasion.

They had felt much interest in and approval for the movement, yet a measure of criticism was also voiced. One of the men expressed some doubt as to whether the movement was such as to get hold of the motives which influence people today, or whether its slogans were simply those which had affected people formerly—whether, in a word, the movement was modern. However, it was thought that a strong point in its favor was that a great deal of stress is laid on the social side, on the desirability of the church and the men working for the betterment of civic conditions, on the plan to take up what needs to be done and not hold merely to the old evangelistic revival idea. The opinion was expressed by the majority that the movement was an attempt to make the church take its place in the world of today.

When the matter of local application was taken up, it was suggested that the men's clubs of the different churches in the city should take up some special work or task this winter, such as seeking out the men in the city who have no church relations and trying to get them interested, thus demonstrating that the church stands for something of real value.

Had Money and Is Missing.

Grand Rapids, Mich., Nov. 2.—The police are attempting to find Joseph Zulkiewski, who left this city on the night of Oct. 22, and has not arrived at his intended destination in Muskegon. He had been visiting here and boarded an interurban for Muskegon late at night. The fact that he had about $200 in his possession leads his friends to believe that he may have met with foul play.

Will Improve Camp Grounds.

Eaton Rapids, Mich., Nov. 2.—At the meeting of the board of directors of the Michigan State Holiness Camp meeting association held here it was voted to make extensive improvements to the camp ground hotel. The capacity of the hostelry will be nearly doubled. The grounds are also to undergo material improvements and work will be commenced at once.

Lenawee's Register Dead.

Adrian, Mich., Nov. 2.—William W. King, county register of deeds, died at his home in this city, following an illness of nearly a year. Mr. King was prominent in county politics, having served a long term on the board of supervisors as well as register. He was fifty-eight years of age and left two children, Bertha and Robert, of this city.

BETTER TO INVEST $50,000 IN GOOD INDUSTRY THAN SCHOOL, SAYS TAXPAYER

The article on the proposed new school building in Tuesday's Press hits the nail on the head, is well worth reading and it will be to our advantage if we heed its warning.

I can't add anything to the force of that valued communication of Tuesday but I think taxpayers would like to know and ought to know just to what extent obligations rest on this city, now, when said obligations are due, what the bridge is to cost over Congress street, and how the city stands as to obligations incurred or to be incurred before we saddle on $55,000 more.

We might have needed the Cross street bridge, we may need the Congress street bridge, but we do not need the proposed building on the school grounds for reasons which have been already stated.

The census of 1910 shows 15% decline in population since 1900. Last year, owing partly to the Pressed Steel plant pulling out, we lost 2% of our entire population.

There are empty houses galore in Ypsilanti. Are there not many empty seats in the high school building? In any building are the accommodations overcrowded?

There is no fullness to repletion except in the State Normal College, grown 75% since President Jones came. No more room now for classes there than ten years ago. Wouldn't we better give the state $55,000 for class rooms where the need does exist if we are going to spend our money educationally?

Better vote $50,000 to buy out and rehabitate the unused once famous underwear factory and get some more people in Ypsilanti, than vote a new school building, needed no more than our church needs two bells, or my dog two tails.

Our worthy Superintendent of City Schools in his first article invited communications pro and con.

It seems to a man up a tree on the ground or down a well, he is getting criticisms to the queen's taste and questions propounded which are unanswerable.

If not let him intelligently answer Tuesday's article. If that article cannot be disproved why should any taxpayer vote November 14, except to vote NO?

COLD WAVE IS AT HAND

Makes Its Appearance in Far Northwest.

Blizzard Conditions or Zero Weather Reported from Sections of Many States.

Washington, Nov. 2.—The first cold wave of the season made its appearance in the northwest, with almost zero weather in Montana and North Dakota. Weather bureau experts say probability exists that it will be carried far to the southward during today and Friday, causing frosts throughout the gulf and south Atlantic states, except in southern Florida.

Freezing temperatures are indicated for the Ohio valley, the lake region and the north Atlantic states.

The first snow of the season has been falling in Duluth, Minn. At Calumet, Mich., three inches of snow fell and blizzard conditions prevail. Houghton, Mich., reports two inches and Summit, Mich., four.

At Couderay, Wis., three inches fell. Snow fell over a great portion of upper Lake Superior, in north central Kansas, western Iowa, parts of Nebraska and South Dakota. The mercury dropped to zero at Bismarck, N. D.

Train on some of the railroads are blocked by the snow.

GEN. SICKLES BLACKBALLED

Defeated in Ballot for Membership in Loyal Legion.

New York, Nov. 2.—General Daniel E. Sickles, hero of the peach orchard at the battle of Gettysburg, on which memorable field he lost a leg, has been blackballed by the New York commandery of the Loyal Legion.

It is believed that General Sickles was blackballed because of antagonism arising from omitting the names of certain officers from monuments erected on Civil War battlefields by the New York state commission for that purpose, of which he is head.

HITCHCOCK NOT TO RESIGN

Also Declares Rumor of Matrimonial Intentions Is Untrue.

Washington, Nov. 2. — Frank H. Hitchcock is not going to resign as postmaster general and is not going to be married. This announcement was made by Mr. Hitchcock himself.

Mr. Hitchcock's statement was drawn forth in connection with a report that has been current for some time that he intended resigning and also that he had matrimonial intentions.

Woman and Infant Asphyxiated.

South Bend, Ind., Nov. 2. — On returning home from a card party, Edward E. Weaver, department manager in a downtown store, found the dead bodies of his wife and infant child, who had met death by asphyxiation a short time before. The house was filled with gas.

YPSILANTI WOMAN'S CLUB HOLDS GOOD MEETING WEDNESDAY

The Ypsilanti Woman's Club met Wednesday in Masonic Temple, the program opening with roll call. This was responded to with quotations from Oliver Wendell Holmes. Mrs. Elihu Gooding, at her request, was transferred from the active to the associate membership. Mrs. Elizabeth Lockwood read an able paper on "Life, characteristics and writings of Holmes." She described his native town, spoke of the historical incidents that cluster about Cambridge, the old house in which he lived, his school days, his graduation in 1829 and the reunions of his college class, which he attended with such pleasure and read so many poems before, that of "Bill and Joe" being particularly notable. Mrs. Lockwood mentioned his poem of "Old Ironsides" as being one among those which had achieved a special purpose. She followed his life in an interesting manner until on Oct. 7, 1894, he had peacefully passed away. Miss Faye Riggs played an instrumental solo and responded to an encore. Mrs. Otis Stephens recited "The Last Leaf," by Holmes. The club decided to do without the customary intermission and listen to a paper on "Michigan Mines" which Mrs. George Lockwood had prepared for, but had been unable to read at the previous meeting. It proved to of the Portland cement which has bemines in the Lake Superior district, opened in 1844 and shipping their products first in 1847 from Marquette county, she dwelt on first. The importance of the copper mines, especially since there is at present such a general electrification of roads, she emphasized. Mrs. Lockwood also spoke of the salt mines at Wyandotte, o fthe Portland cement which has become so large an industry, of graphite and gypsum, and of the gold and silve rdeposits. It was a very interesting paper. The time remaining for Mrs. Gertrude Erwin's report of the state federation was much too brief. She necessarily limited herself almost entirely to a description of the visit of the delegates to the Charles Freer home in Detroit to view the art treasures he has accumulated. She spoke especially of the famous Peacock room, designed by Whistler. The hostesses of the afternoon were Mrs. Fisk and Mrs. Ament.

BOY DIES OF FRIGHT

Moving Pictures of Goblins and Witches Are Too Real for Him.

Detroit, Nov. 2.—Sinclair Chissus, a five-year-old boy of Redford, Mich., came to Detroit with his grandmother and his brothers to participate in some festivities. Among them was a visit to a moving picture show.

There hobgoblins and witches flitted weirdly about in a black void. It was too realistic for little Sinclair. He fainted from fright and excitement. When a physician reached him he was dead. The physician said the boy undoubtedly was scared to death.

NEW H. S. MANUAL ISSUED

SUPT. ARBAUGH INTRODUCES SPLENDID IDEA FOR PUBLIC SCHOOL HELPS.

A manual of the Ypsilanti public schools has recently been issued by Supt. Arbaugh. The manual contains the courses of study; rules and general information and is illustrated with fifteen cuts. It also includes the report of the superintendent for the year 1910-1911. Prof. Arbaugh has also just completed a 16-page report to the State Teachers' association of the committee on moral education, of which he is chairman.

LIBRARIAN OF HIGH SCHOOL ELECTED SECRETARY AT N. E. A. MEET

Miss Marie Newberry, librarian of the Ypsilanti high school who is now on leave of absence, and is studying at the Carnegie Library school in New York City, has just received word that she was elected secretary of the library section of the N. E. A. at the meeting held last summer at San Francisco. Miss Newberry's work in Ypsilanti has attracted the attention of prominent librarians for some time past.

THREE AMERICAN CARDINALS WILL BE CREATED AT CONSISTORY NOV. 27

Rome, Nov. 2.—Official announcement has been made that Mgr. Diomede Falconi, apostolic delegate from the Vatican to the United States; Archbishop Wiliam H. O'Connell of Boston and Archbishop John M. Farley of New York are among those selected to be made cardinals at a consistory to be held Nov. 27. The elevation of Mgr. Falconio, the papal delegate, is in accord with a papal custom of making papal delegates cardinals. Cardinals Satolli and Martinelli were formerly delegates to the United States. Mgr. Falconi's relations with the government in Washington have been closer than those of any other papal delegate, being, of course, unofficial. Information sought from him by President Roosevelt is said to have been of the greatest importance in settling the vexed question of payment for the friar lands in the Philippines.

SAYS DR. KNABE KILLED HERSELF

Dr. Dodds, Former Deputy Coroner, Defends Opinion.

DECEASED MOST ARROGANT

Acquaintance States that Violent Manner in Which She Died Was Only in Keeping with Headstrong, Selfish Life She Led.

Indianapolis, Nov. 2.—Dr. W. T. S. Dodds, a former deputy coroner, has been questioned by detectives in connection with the Dr. Knabe murder mystery, and he expresses the opinion that Dr. Knabe committed suicide.

Dr. Dodds is one of the physicians who was well acquainted with Dr. Knabe professionally. The police have been questioning physicians with a hope of finding clues.

"Dr. Knabe was an arrogant, headstrong and merciless woman, whose ambition to succeed in the world was so great that she did not hesitate to sacrifice any one to achieve it," Dr. Dodds said. "I was well acquainted with the woman in a professional way and was not surprised to hear of her death. The violent manner in which she died seems in keeping with the life of the woman.

"During her connection with the board of health Dr. Knabe made herself so disliked that she was asked to resign. That is a well known fact to every one who knew her at that time. Then she took up pathology work in the medical college and made a failure of it. Then she took up practice and made a failure of that also. She was a bright and intelligent woman, but she failed in her rush to sweep things before her.

"People are saying had Dr. Knabe contemplated killing herself she would have planned her death with drugs or in some other painless manner. That kind of death would not appeal to her. She wanted something violent, in keeping with the struggle she had made for success in her profession. I have no doubt that Dr. Knabe slashed her own throat. It would seem natural for her deliberately to cut into her arm to test the weapon or to ascertain what pressure was necessary. She was the kind of a woman that would kill herself in this manner."

BANK ROBBER OUTWITTED

Makes Mistake of Trying to Mount His Horse with Two Men Near.

Bartlesville, Okla., Nov. 2.—An unidentified man held up the cashier of the State bank at Vera, Okla., getting $1,600. He compelled the cashier and a depositor to accompany him half a mile into the country, where his horse was tied.

When the robber turned to mount the two men seized him.

FIRES AT THIEVES IN DARK

Then Sees Culprits in Flight When Wife Turns on Light.

Traverse City, Mich., Nov. 2. — G. Franke, a prominent farmer, narrowly escaped inflicting serious injury upon two young men whom he detected taking chickens. A flock of young chickens had roosted in a cherry tree near his barn during the night. Hearing a disturbance and believing that some animal was after the fowls, Franke took his shotgun and fired toward the noise.

At that instant his wife in the house turned on an electric switch, illuminating the barn yard and revealing two young men with chickens in their hands. One of the men was up in the branches of the tree. As soon as the light was turned on the men fled, indicating that they had received no injury. They were young men of prominent families in Traverse City.

CONDUCTOR FALLS OFF CAR

Missed and Found Unconscious Near Third Rail.

Grand Rapids, Mich., Nov. 2.—Falling off the steps of the front vestibule of his car as he was speeding into Muskegon, O. Slagter, a Grand Rapids and Muskegon interurban conductor, lay in the sand along the tracks a few inches from the deadly third rail while passengers with lanterns hunted for him.

Slagter is now in Muskegon suffering from internal injuries. He had just completed his trip through the car, collecting fares, and had gone to the front vestibule. Through an inexplicable accident, he slipped off the steps. The car continued on its way into Muskegon.

THURSDAY, NOVEMBER 2, 1911

The organs owned and controlled by selfish interests by and on behalf of selfish interests may cry Thief and Robber and Coward and Rascal and many other pet names which are being used as the title for editorial utterances these days; but, when the government of the United States calmly files a bill in equity in the state of New Jersey to dissolve the United States Steel Corporation and makes deliberately the following allegations against this trust, it is time for the people to take notice that they would better give the benefit of the doubt, if they have any, to their own government official in its attempt to protect them agaist the exploitations of monopolies:

Government Allegations in Suit to Dissolve Steel Corporation.

That the United States Steel Corporation is a combination in restraint of trade under the Sherman law.

That direct connection exists among the Steel corporation and all the large railroads and steamship lines, the Standard Oil Company, the Pullman Palace Car Company, the International Harvester Company and the Western Union Telegraph Company.

That the stock of the Tennessee Coal & Iron Co. was "hammered" in order to obtain control of the company and that the information given President Roosevelt at the time of gaining that control was misleading, with the intent to prevent government intervention.

That by threatening a general financial calamity it forced out a rival of high potential possibilities and "unlawfully acquired a power which is a menace to the welfare of the country and should be destroyed."

That through "interlocking directorates" the corporation held power in other vast corporations, this method being "more refined, more euphonious but none the less effective than pools."

That the corporation's cancellation of leases on Great Northern ore properties is illegal and non-effective until Jan. 1, 1915.

That the Gary dinners were all powerful in suppressing competition, and the obligation laid upon the participants is characterized as having been "even dearer than life itself."

And our local readers will probably recall that it is now claimed that the Western Union Telegraph company and the Bell Telephone company are merged into one gigantic corporation.

HE WAS A DANGEROUS RISK

In These Rushing Days the Pedestrian Has No Show at All With Insurance Company.

Here was a case where it seemed as if everything was settled. The insurance company's doctor had reported that the man seemed to be all right, and the man himself had certified that he was not engaged in any dangerous occupation.

"I lead a sedentary life," he told them. "I work in an office and we have no danger or excitement."

"How about sports?" the examiner asked. "Do you football? Baseball? Do you box? Do you belong to an athletic club?"

"No—none of that stuff. I guess I'm a safe risk."

"Do you scorch?"

"What do you mean?"

"Do you drive your car faster than the speed limit?"

"I have no car."

"What? How do you get about?"

"I walk."

"Risk refused. A scorcher is a dangerous risk, but a pedestrian has no chance at all. Buy a car, old chap. Sorry—good night!"

The Optimist's Corner

Daily Helps to Health and Happiness

By GEORGE F. BUTLER, A. M., M. D.

The would-be-made model wives have waked up to the fact that there is some work of importance to do outside the four walls of home. They have watched mother, or helped her just enough to know, in the one case that slavery is pure cussedness; in the other that it is insipid. They have discovered that they have the same ability, the same right, the same desire to be independent; to accomplish certain ends; to become living parts of a living world, as those who would tie them hand and foot to what is at best a hard task—that of keeping and making the home. That those who do surrender themselves to this labor of home-making are doing the greatest good in the world cannot be denied, for it is the work of love, sacrifice and absolute usefulness. But especially in the case of those whose income is weighed in the scales of want and the wherewithal—how great the warning to those who might be tempted to do likewise. And it seems to me at times that love is not kind to them, to lead them as it does from the great open of Freedom to the martyrdom of Consecration. It blinds them but to inflict. Sad it is, beautifully and pathetically sad. All praise to her who suffers, endures, is brave and is glad in her chosen life. She who chooses the store, the office or a profession is wise, but she who chooses to become a wife and mother is Best, deserving the love, pity, sympathy, praise, help and appreciation of All Humanity. Her work is beyond our realization. Think it over.

New Electro-Coating Process.

The electro-coating process by which glassware is decorated with a network of silver designs has recently been extended in Germany to the plating of porcelain dishes, such as platters, bowls, tureens, and tea and coffee sets. Vessels thus treated are said to wear better than either simple porcelain or solid silver, being less fragile than porcelain and less subject to indentation and deformation than silver. The product is called electro-porcelain, and is cheaper than plated silverware. The plating is usually of silver, but sometimes of nickel. In some cases, instead of covering the entire vessel, the plating is confined to the handles, knobs and edges, and cooking pots are usually left uncovered within, because porcelain can more readily be kept clean than a surface of metal.

DOUBLY PROVEN

Ypsilanti Readers Can No Longer Doubt the Evidence.

This Ypsilanti citizen testified long ago.

Told of quick relief—of lasting benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Mrs. Thomas Barnum, 23 Water St., Ypsilanti, Mich., says: "A heavy cold which settled on my kidneys affected them and my back became so painful that I could not stoop or lift. I neglected to treat the trouble and as a result, it became serious. When I found how bad my case really was, I began using medicine, but then it was too late and I got only temporary relief. It was difficult for me to sit down and just as hard to get up, owing to sharp twinges through my loins. The secretions from my kidneys were also unnatural. Finally I began taking Doan's Kidney Pills, procured at Weinmann-Matthews Co.'s Drug Store, and the first few doses benefited me. By the time I had finished the contents of one box, my pains and aches had all disappeared and I felt like a different person. I think that I am justified in recommending them." (Statement given in 1906).

Time is the Test.

Mrs. Barnum was interviewed on September 20, 1911, and she added to the above: "I cheerfully confirm my former endorsement of Doan's Kidney Pills, for they made a permanent cure in my case. I have had no further need of a kidney medicine since 1906."

WAR DECLARED

Catarrh Germs Must Be Conquered or Health Will be Destroyed

If you have catarrh you must vanquish an army of persistent, destructive microbes before you can get rid of it.

You might as well choose your weapons, declare war and annihilate this army of catarrh germs right now.

Stomach dosing won't kill them; neither will sprays or douches.

HYOMEI, a pleasant, antiseptic, germ destroying air breathed over the entire membrane will put catarrh germs out of business in short order.

HYOMEI (pronounce it High-o-me) is guaranteed by Duane Spalsbury to end catarrh, asthma, bronchitis, coughs, colds and croup, or money back. If you own a little HYOMEI hard rubber pocket inhaler you can get a separate bottle of HYOMEI for only 50 cents. If you haven't an inhaler buy a complete outfit that only costs $1.00.

A Helpless Invalid

Restored to Health by Lydia E. Pinkham's Vegetable Compound

A woman who is sick and suffering, and won't at least try a medicine which has the record of Lydia E. Pinkham's Vegetable Compound, is, it would almost seem, to blame for her own wretchedness. Read what this woman says:

Richmond, Mo. — "When my second daughter was eighteen months old I was pronounced a hopeless invalid by specialists. I had a consultation of doctors and they said I had a severe case of ulceration. I was in bed for ten weeks, had sinking spells, and was pronounced to be in a dangerous condition. My father insisted that we try Lydia E. Pinkham's Vegetable Compound, and brought me six bottles. I soon began to improve, and before it had all been taken I was as well and strong as ever,—my friends hardly recognized me so great was the change." — Mrs. Woodson Branstetter, Richmond, Mo.

There are literally hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering.

Read what another woman says:—

Jonesboro, Texas. — "I have used Lydia E. Pinkham's Vegetable Compound for myself and daughter, and consider it unequalled for all female diseases. I would not be without it for anything. I wish every mother in America could be persuaded to use it as there would be less suffering among our sex then. I am always glad to speak a word of praise for Lydia E. Pinkham's Vegetable Compound, and you are at liberty to use this testimonial." — Mrs. James T. Lawrence, Jonesboro, Texas.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound had the virtue to help these women it will help any other woman who is suffering from the same trouble?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.

FORD'S LATEST $690 FULLY EQUIPPED

IF YOU BUY A CAR FOR WHAT IT WILL DO—NOT WHAT THE SALESMAN SAYS ABOUT IT—YOU BUY THE FORD, FOR BY ACTUAL USE OVER 100,000 CARS HAVE PROVEN THAT THE FORD WILL COVER MORE GROUND FOR LESS MONEY THAN ANY OTHER CAR, EVEN AT A CONSIDERABLE HIGHER PRICE.

Buy a FORD car and put the five hundred or ten hundred dollars difference in first price into the bank—it's money saved—for all the automobile that can be bought is found in this line of FORD cars, and the difference in price has the other manufacturers guessing.

We especially invite present FORD owners to come and get acquainted with us. If you want repairs, or instructions, or parts, come in. We are here to stay and want to know every one of you and prove that FORD courtesy abounds in abundance at our GARAGE. Visiting does not necessitate buying. Come in and visit and learn for yourself what a great line of cars the Ford Company is making. Get acquainted, if only to be up-to-date on automobiles, and incidently you will be more than repaid for the time so spent.

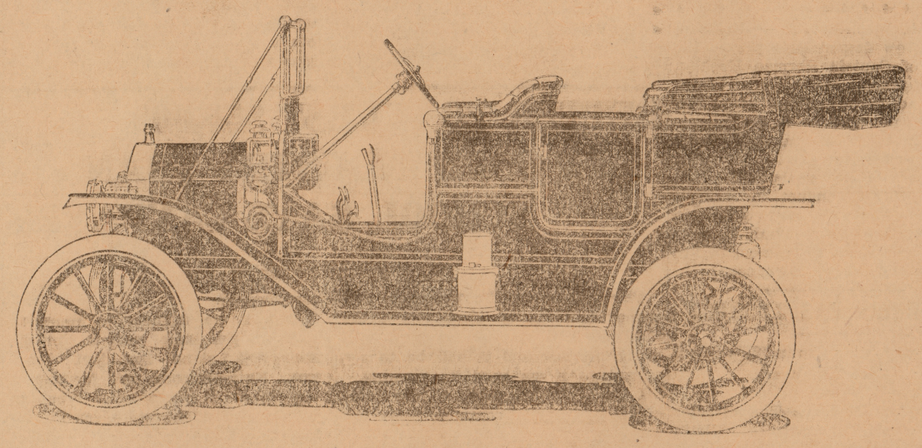

Figure it out. With the assurance that the FORD is just as serviceable in the winter as in the summer, is there any economy in holding off purchasing until next spring? Might better get it right now, otherwise you lose eight months' profit and pleasure. The man who has considered the automobile as being in or out of the season gets two values for the price of one when he buys a FORD, for he gets twelve months' use instead of six. And what's more to the point a FORD car will cost less to run twelve months than most cars for six—gasoline, oil, tires and repairs cost less per thousand miles than with any other car manufacturel. That's why the FORD is the car for the man to whom cost means something—the man whose pocketbook must be considered. A FORD owner isn't kept "BROKE" by his car, nor does he need to cut down the use of the car because of the cost.

Just name the time most convenient for you and we will place a car at your service for the most practical convincing demonstration possible. If a physician, permit us to take you on your morning round of calls just to show you how you can double the number in the same or shorter time. Write, call, or 'phone No. 233 for an hour's demonstration.

REMEMBER FORD is the car that lasts longest and costs least while it lasts.

HOW GERMS SPREAD SKIN DISEASE

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and what seemed a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years of misery.

Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D. D. D. Prescription for Eczema.

A bottle will prove this to you.

I have had experience with many remedies for skin trouble but have never seen such remarkable cures as those from D. D. D. Prescription. Instant relief from the very first application.

I am so confident that D. D. D. will reach your case that it will cost you nothing if the very first full size bottle fails to make good every claim.

If you have skin trouble of any kind, I certainly advise you to drop in and investigate the merits of D. D. D. anyway. I know that D. D. D. will help you.

The Wheel Track to Eternity.

Time is the most important thing in human life—for what is joy after its departure?—and the most consolatory—for pain, when time has fled, is no more. Time is the wheel track in which we roll on towards eternity, which conducts us to the incomprehensible. There is a perfecting power connected with its progress, and this operates upon us the more beneficially when we duly estimate it, listen to its voice, and do not waste it, but regard it as the highest infinite good in which all finite things are resolved.—Wilhelm von Humboldt.

AMERICA'S DAVIS LAWN TENNIS CUP TEAM

At no time since the Davis cup team was picked to represent America in the international play were tennis enthusiasts throughout the country as happy as they are now. And it was all because that William A. Larned, the national champion, is going to Australia. Some weeks ago the national singles champion said that he would not go to Australia as a member of the challenging team. Larned changed his mind, however, and arranged his business affairs so that it was possible for him to go.

This was welcomed by every court player, for without Larned on the team America's chances to bring back

Photos by American Press Association.

MEMBERS OF THE AMERICAN TEAM.

the famous Dwight L. Davis international cup looked rather slim. With Larned, Beals C. Wright and Maurice McLaughlin as United States representatives the challengers appear to have the best chance in years to bring back the coveted trophy. The challengers' chances for victory are made twofold by the fact that the Australasians this year are not as formidable as in years past.

For several years American tennis players have tried to persuade Larned to make the trip to the antipodes, but each year he refused to go. The reason why he couldn't go was because of business pressure. The American team is scheduled to arrive in Australia Nov. 22. Larned will be the singles player and the other two doubles men. It is also supposed that McLaughlin will share the burden of the singles with Larned, also captain the team.

TO MAKE HOCKEY FASTER.

National Association of Canada Will Cut Out Position of Rover.

The National Hockey Association of Canada at a preliminary meeting held informally and secretly recently arranged for changes in the rules to be adopted at the annual meeting the second week in November. It was practically decided to cut down the number of players on each team and by doing away with the rover have teams of only six men.

It is considered that this will make the game much faster and will also tend to make it more open, but followers of the sport here are not of one mind on the radical change.

MORAN TO MEET DRISCOLL.

Two Clever Englishmen Will Battle In London Dec. 2.

Owen Moran and Jem Driscoll, the English featherweights, have signed articles for a twenty round bout at the Empire Skating palace, Birmingham, England, on Dec. 2. The purse is $13,000, and a gold belt goes with it, while each man will bet $2,000. The weight is 126 pounds at 2 o'clock.

If both men are at their best critics in this country believe that Driscoll will be the winner on points, as he easily outclasses Moran as a boxer.

"BEAT QUAKERS," YOST'S CRY

Michigan Eleven Planning Trick Plays For Penn.

"Beat Pennsylvania!" is the battle-cry of the Michigan football player. Since the season started Coach Yost and his Wolverenes keep close tabs on reports of the Quaker eleven. Last year Michigan held Pennsylvania to a 0-0 score, and this year it hopes to do even better. "Hurry Up" Yost is teaching his men all kinds of tricks in order that the Red and Blue collegians may be conquered when they battle on Michigan's gridiron on Nov. 18.

Yost does not bury the fact that he has one of the best teams in years. He already has gone on record as saying that he expects this year's team to make as great a record as his great 1904 eleven did. The Wolverenes look upon the Quaker game as the hardest of the season and the best one from which to judge Michigan's real gridiron strength. There is no method of obtaining the Wolverenes' strength since Yost's squad does not play with the conference teams. Both Chicago and Michigan play Cornell, and these games will go a long way toward showing how strong the Maize and Blue team is compared to other western elevens.

The personnel of Michigan's present eleven is much the same as last year's. Not only is Yost lucky to have practically an intact team, but he has been fortunate in locating suitable substitutes for emergencies.

A slight glance at the players reveals at left end Garrels, who is a brother of the famous Jimmy Garrels of the '04-'06 team, who is thought to be one of the best wings Yost has developed in years. Stanfield Wells, an All American end of last year, is again holding down a wing position. Yost says he would not want a better man at tackle than Captain Conklin. Pontius, while a new man, has shown surprising

TWO OF MICHIGAN'S LEADING PLAYERS.

strength as his leader's partner. The worst holes "Hurry Up" found to fill were the guards.

Michigan felt a severe blow when she lost Benbrook. So far Almendinger, a likely looking lineman, has been used as a guard, while the other guard has been Boyle, a veteran of last year's team. Petersen, a new man, is playing center. He promises to be as good as if not better than Cornwall, who played the position last year.

McMillan, the sensational quarterback find of last season, is again on the job. In the matter of backs Michigan is well fortified with Craig, Torbet, Huebel, Wetmer, Robinson and Harrington.

Yost is giving a lot of attention to Thompson, the fullback, whose kicking abilities give him a big advantage over the other men out for the middle back position. Thompson has developed into quite a kicker, and it is upon him that Yost depends to score a Pennsylvania victory.

BASEBALL IS UNCERTAIN.

Recent Clashes Upset All Dope by the Wise Ones.

Baseball is a funny thing. Cleveland, third placer in the American, proved no match for Cincinnati, the sixth place team in the National, yet the St. Louis Browns, who were a bad last in the younger league, licked the Cardinals, who finished fifth in the old league, and the White Sox, who were in the second division in the American, whipped the Cubs, runners up for the pennant in the National. It is that beautiful uncertainty that makes the game so immensely popular. The Athletics beat the Giants in the world's series, but the majority of experts predicted this, as Philadelphia is individually and collectively a better ball club, as was proved in the recent games.

WALK-OVERS BREAK RECORD FOR HIGH SCORE

The Walk-Overs defeated Schafarik & Sinkule Wednesday evening two out of three games but they were busy every minute in turning the trick. In the first game the Walk-Overs broke the record of 823 for high score by four pins, but each game their score grew smaller and they lost the last one by 12 pins.

Grimston made high score, getting 189 and also had high average with 180. The score in detail follows:

Walk-Overs.			
Ziegler	182	153	173
Christensen	154	153	139

CLEARY STUDENTS HOLD DETROIT MEN TO 6 TO 6 SCORE

In a game without any particular feature except frequent fumbling on the part of the visiting team and failure on the part of the local men to get the scores that comparison of the two teams would warrant, the Cleary Business College football squad held the University of Detroit football team to a no-victory game Wednesday afternoon on Reinhart's field. Capt. Sneider did most of the groundgaining for Cleary and Detroit's left halfback easily won the honors for the visitors. He made their touchdown on a splendid run of nearly 50 yards when he caught a punt and dodged through the entire team for the score. Meredith scored for Cleary.

The Cleary men have improved much since their last game under the instruction of Coach Hunt, but they still have some things to learn, a few of which, according to the coach, they will endeavor to grasp in practice during the coming week.

Summary—Cleary College, 6; Detroit, 6. Referee, Pierce; umpire, Oaks; quarters, 10 minutes.

Waste of Good Money.

Some American manufacturers send catalogues in English to China, but they cannot be read and the goods advertised in them would not be bought even if they were printed in Chinese, as the Chinese do not buy that way.

Do It Now.

I expect to pass through this world but once. Any good thing therefore that I can do, or any kindness that I can show to any fellow creature let me do it now. Let me not defer or neglect it, for I shall not pass this way again.—Edward Courtney.

The Optimist's Corner

Daily Helps to Health and Happiness

By GEORGE F. BUTLER, A. M., M. D.

Neither an act nor a spoken word can be erased, nor can their effects. You who have a child in your care should be careful not to make impressions on the child mind which some day you may come to wish had not been made. A child does not reason out things as an adult would, else he might forgive and forget much. He has been wounded, hurt, causing him to feel that some one is being cruel to him. Once that feeling comes to the child, his whole life will inevitably be influenced by it. It will be hard to eradicate that impression, even though the child forgets as time goes on the first cause of the feeling. Do not forget the Golden Rule in your dealings with your children. Never cease your interest in your child's affairs and never let him think for a moment that you are not particularly interested in everything that interests or concerns him. Make yourself not merely a guardian of your child, but the best of his friends. In these ways you will make impressions on him which will never fade. He will not forget and he will never cease to love you from his babyhood to his manhood. He will say to himself, if not to you, what one little girl said, "Mamma, you are the best mother I ever had; I think you are the best mother anybody ever had."

Seven Months of Artificial Light In the Home

Sight is one of the most precious possessions of men, women and CHILDREN.

During seven months of the year, most of the close application of eyesight in your home is by artificial light.

Is the artificial light in your home good or bad?

Before the long evenings come when the family gathers near the LIGHT—look into this matter carefully.

ELECTRIC LIGHT is the best light in the home. It is economical and it is far more convenient than any other form of lighting.

Insurance companies rank electric light the safest.

Hallowe'en Party at Cole Farm.

Miss Nina Cole entertained a number of friends at a Hallowe'en party at her home at 520 Huron street Tuesday evening. The house decorations were of jack-o'-lanterns, black cats, witches and other Hallowe'en symbols. The only light was furnished by candles. The interest of the occasion centered around the fortune teller's booth, Miss Mattie Sykes of Romeo assuming the role of fortune teller. The refreshments consisted of apples, cider, popcorn and candy.

Alpha Sigma Tau Reception Friday.

The Alpha Sigma Tau sorority will hold a reception Friday afternoon between the hours of 2 and 5 in parlor O of the Cadillac Hotel in Detroit. The members of the sorority who are in college expect to attend and it is expected that the reception will take the form of a sorority reunion as a large number of the alumni members expect to attend the State Teachers' association in session in Detroit this week. Prof. and Mrs. E. A. Lyman will give a dancing party for the sorority and their friends at the Country Club Saturday evening, Nov. 11. The girls will entertain at their house on Forest avenue for the week end Miss Mabel Potter who is teaching at Otsego, Miss Helen Dickinson of the Lexington schools, Miss Marian Walker of Owosso, Catherine Jilson of Ovid and Margaret Woodworth of Byron. Miss Ada Norton, patroness of the Alpha Sigma Tau sorority gave a very pretty Hallowe'en party for the sorority members and their friends at her home on Pearl street, Monday evening. The house was decorated in Hallowe'en symbols and a program of stunts afforded the entertainment the central feature of which was the witch's camp where the future of the young ladies was told by an experienced fortune teller.

Use TIZ- Smaller Feet

Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well No Matter What Ails Them.

Everyone who is troubled with sore, sweaty, or tender feet—swollen feet—smelly feet, corns, callouses or bunions can quickly make their feet well now. Here is instant relief and a lasting, permanent remedy—it's called TIZ. TIZ makes sore feet well and swollen feet are quickly reduced to their natural size. Thousands of ladies have been able to wear shoes a full size smaller with perfect comfort.

It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists 25 cents per box or direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

Never Neglect HEADACHES

They're nerve-racking and indicate hidden trouble. Whatever the cause, Caparine stops the headache and goes right to the foundation of the disorder, removing it and aiding nature to complete the cure. Ask your druggist for Caparine capsules. 10c and 25c.

OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed.

From time immemorial, sage and sulpher have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair, and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowa days almost every up-to-date druggist can supply his patrons with a ready-to-use product, skillfully compouded in perfectly equipped laboratories. The Wyeth Chemical Company of New York put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy today, and see what a few days' treatment will do for you.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agent, Weinmann-Matthews Co., 118 Congress street.

An Innovation in Oil Heaters

The Perfection Smokeless Oil Heater, with its drums enameled in turquoise, is an ornament to any room, whether in the country or city home.

No home is quite complete without a Perfection Oil Heater. It is a necessity in the fall and spring, when it is too warm to start the regular heating apparatus, and too cool to be without heat. In the midst of winter it is often convenient as an auxiliary heater, as there are always some cold corners in a house.

The enameled heater always presents a nice appearance, as the enamel will not tarnish or burn off. It is not an "enamel paint," but it is the same as the enamel of your cooking utensils.

The Perfection is the most reliable and convenient portable heating device you can find. An automatically-locking flame spreader prevents turning the wick high enough to smoke.
